American Colonies: The Settling of North America

By Alan Taylor

Summer Reading Study Guide Questions AP
U.S. History
Mr. Purciogliotti/Mr. Witkovich

Directions: Below are study guide questions for each chapter of the book. Your in class assessments in September will be based on your reading of the book and the study guide questions. Please keep the information in a notebook so you are prepared for the in class assessment in September.

Do you have to answer all of the study guide questions? Yes! Each teacher will use the questions for a different type of grade. For example Mr. Purciogliotti, the assignment will count as two test grades. Don't panic when you see a large amount of questions. A lot of these questions can be answered in a few words. However, in order to be successful on the assessments the more you know the better. In addition, this summer reading assignment is not **busy work**! This is material that you will be responsible to know when we return to school in September, throughout the school year, on the AP Exam in May, and the Regents Exam in June.

If you have any questions, please e-mail one of us.
